### 1.2.2 Important events in 2023

On 16 August 2023, the company bought 100% of the shares in Skinteam Norge AS (Skinteam). Skinteam is a retail chain that targets independent skin care and hairdressing salons with "one stop shop" solutions. Skinteam offers a complete integrated operating system for independent salons: online store, membership club, sales training, product training, advertising, AI app and high quality products. Skinteam offers independent salons a range of services so that they can improve profitability without Skinteam assuming the risk on the salons' operational side. At the time of the purchase, Skinteam was the largest player in skin care in Western Norway, with 3 wholly owned salons and close cooperation with 12 independent partner salons. With the acquisition of Skinteam, the group is in a position to become the main supplier for all of Skinteam's skin care salons and hairdressing salons. The group will be able to acquire, manufacture and deliver high-quality hair care products to Skinteam's value chain for hairdressing salons. The group is thus entering a new market that is both large and lucrative. The agreed consideration for the shares was NOK 41,424,090, which was made up of 13,808,030 shares in Aqua Bio Technology ASA at a subscription price of NOK 3.00. In addition, subscription rights to employees of Skinteam worth NOK 102,757 were transferred, so that the total consideration is NOK 41,526,847.

On 22 December 2023, the company bought 100% of the shares in Cover Brands AS (Coverbrands). Coverbrands is an e-commerce business which sells beauty products to customers through the company's online store and had an e-commerce platform at the time of purchase with over 140,000 customers. Through social media and influencers, Coverbrands has a total reach of around 2 million users. Coverbrands is a well-known brand in the cosmetics market, with a diverse range of products on offer to a wide audience. In addition to e-commerce, Coverbrands has established B2B distribution channels to several retail channels in Norway and Sweden. Through this purchase, the group will secure the entire value chain from production to end users. The acquisition of Coverbrands coincides with the group's adopted strategy of controlling larger distributors. Through the purchase of Coverbrands, the group will have one of the largest distributions towards B2B and B2C in the Nordics. The agreed consideration for the shares was NOK 16,500,000. The consideration was settled in its entirety with 6,000,000 shares in Aqua Bio Technology ASA at a subscription price of NOK 2.75 per share. It is assumed at the time of purchase that this corresponds to it fair value of the equity instruments at the time of takeover.

The Company shall offer fixed salary levels that are comparable with similar companies and activities and considering the Company's need for qualified staff at all levels.

The principle for determining the members of the Executive Management Team is the combined total level of fixed salary and other benefits. ABT may grant members of the Executive Management Team options and other forms of remuneration linked to shares or the share price, hereunder through incentive – or option programmes. Please refer to section 3.4 below for an overview warrants held by members of the Executive Management Team. The overall level shall be competitive, but not a pacesetter in wage settlements. With respect to variable renumeration, ABT's policy is that a maximum amount shall be determined for the applicable remuneration at as of the time it is provided.

In addition to fixed salary and share options, ABT may provide other forms of remuneration such as bonus arrangements, pension arrangements and insurance, severance arrangements, and other benefits that are customary for comparable positions such as free telephone and free broadband services.

### **Uavhengig revisors attestasjonsuttalelse om rapport om lønn og annen godtgjørelse til ledende personer**

#### *Konklusjon*

Vi har utført et attestasjonsoppdrag for å oppnå betryggende sikkerhet for at Aqua Bio Techonology ASAs rapport om lønn og annen godtgjørelse til ledende personer (lønnsrapporten) for regnskapsåret som ble avsluttet 31. desember 2023, er i samsvar med allmennaksjeloven § 6-16b og tilhørende forskrift.

Etter vår mening er lønnsrapporten i det alt vesentlige utarbeidet i samsvar med allmennaksjeloven § 6-16b og tilhørende forskrift.

#### *Styrets ansvar*

Styret er ansvarlig for utarbeidelsen av lønnsrapporten og for at den inneholder de opplysninger som kreves etter allmennaksjeloven § 6-16b og tilhørende forskrift. Styret har også ansvar for slik intern kontroll som det finner nødvendig for å utarbeide en lønnsrapport som ikke inneholder vesentlig feilinformasjon, hverken som følge av misligheter eller feil.

#### *Vår uavhengighet og kvalitetsstyring*

Vi er uavhengige av selskapet slik det kreves i lov, forskrift og International Code of Ethics for Professional Accountants (inkludert internasjonale uavhengighetsstandarder) utstedt av the International Ethics Standards Board for Accountants (IESBA-reglene), og vi har overholdt våre øvrige etiske forpliktelser i samsvar med disse kravene. Vi anvender internasjonal standard for kvalitetsstyring (ISQM) 1 Kvalitetsstyring for revisjonsforetak som utfører revisjon og forenklet reviskontroll av regnskaper samt andre attestasjonsoppdrag og beslektede tjenester, og opprettholder et omfattende system for kvalitetskontroll inkludert dokumenterte retningslinjer og prosedyrer vedrørende etterlevelse av etiske krav, faglige standarder og gjeldende lovmessige og regulatoriske krav.

#### *Revisors oppgaver og plikter*

Vår oppgave er å gi uttrykk for en mening om lønnsrapporten inneholder de opplysninger som kreves etter allmennaksjeloven § 6-16b og tilhørende forskrift, og at opplysningene i lønnsrapporten ikke inneholder vesentlig feilinformasjon. Vi har utført vårt arbeid i samsvar med internasjonal attestasjonsstandard (ISAE) 3000 – «Attestasjonsoppdrag som ikke er revisjon eller forenklet revisorkontroll av historisk finansiell informasjon».

Vi har gjort oss kjent med retningslinjene om fastsettelse av lønn og godtgjørelse til ledende personer som er godkjent av generalforsamlingen. Våre handlinger omfattet opparbeidelse av en forståelse av den interne kontrollen som er relevant for utarbeidelse av lønnsrapporten for å utforme kontrollhandlinger som er hensiktsmessige etter omstendighetene, men ikke for å gi uttrykk for en mening om effektiviteten av selskapets interne kontroll. Videre utførte vi kontroller av fullstendigheten og nøyaktigheten av opplysningene i lønnsrapporten, herunder om den inneholder de opplysningene som kreves etter lov og tilhørende forskrift. Vi mener at innhentet bevis er tilstrekkelig og hensiktsmessig som grunnlag for vår konklusjon.
